

# HELLO SYSTEM FOLLOWS RAILS

Through Telephone to  
Los Angeles.

Will Likely Be Put Through  
Within Next Twelve  
Months.

President Wallace Details Plans for  
New Line and Talks of Completion  
of Atlantic-Pacific System.

Organization follows the rail. No sooner  
is the through line between here and Los  
Angeles connected up than plans are be-  
ing perfected for other great enterprises  
and industrial improvements. Within a  
year it may be possible to talk from Salt  
Lake to every point on the new railroad,  
including all of southern California.

President George V. Wallace of the  
Rocky Mountain Bell Telephone com-  
pany, when asked about this yesterday,  
stated that the telephone would surely be  
constructed along the new road. An ar-  
rangement had been made between the  
company and the local companies to that  
effect and as soon as the Rocky Moun-  
tain Bell reaches Nevada the California  
company will extend its lines to meet  
it, thus completing the through telephone  
line between Utah and Southern Cali-  
fornia.

The local lines already reach well  
west towards Nevada, he said, "and will  
soon reach that point this year when  
the California company will be made  
the fact that the whole com-  
pany from New York to San Francisco,  
will shortly be connected by a through  
telephone. By the different companies  
will be made a short link to be  
completed in eastern Colorado and west-  
ern Nebraska, and this link will be built  
very soon."

The American Telephone and  
Telegraph company will then operate a trans-  
continental line from New York to San  
Francisco. Arrangements will be made  
with each company operating in different  
sections for the use of their poles, but  
he said he was not sure of this. The  
through service so as not to conflict  
in any manner with local service.

"This," said Wallace, "is the  
great achievement of the hour in tele-  
phony."

## AFFAIRS OF PANAMA ROAD.

House Committee on Investigation  
Gives Interesting Details.

WASHINGTON, Feb. 17.—The Panama  
Railroad company is capitalized at \$7,000,000.  
Its gross assets are \$15,836,000, of  
which \$12,628,000 is the value of the road,  
real estate, equipment, terminals and  
steamships, the balance being cash and  
treasury assets. The bonded indebtedness  
of the property is \$3,123,000, of which the  
company owns \$857,000. The gross earn-  
ings of the company for the past eleven  
months were \$2,581,253. The expense of  
operation was \$1,849,381, fixed charges,  
which includes \$200,000 of the annual pay-  
ment to Colombia; interest on mortgage,  
\$200,000; acquisition of bonds by the com-  
pany, \$100,000; leaving a balance of \$538,872  
to be applied to the sinking fund.

This statement is presented today to the  
sub-committee of the House Committee on  
Investigation and Foreign Commerce, which  
is holding an investigation of the affairs  
of this company.

Other information developed at the hear-  
ing was the fact that the Panama Canal  
commission, who have been elected directors  
of the company, received the regular com-  
pensation of other directors, namely \$2 for attendance on the bi-  
monthly board meetings and Commission-  
ers \$30 for attending the bi-weekly  
meetings of the executive committee. Each  
one of these directors and commis-  
sioners is credited with one share of stock  
in the company's books and draws the  
dividend declared on the same. Adm-  
iral, chairman of the commission, is  
credited with 100 shares of the stock on  
the books of the company.

The investigation today was particu-  
larly by the full committee and Director  
E. A. Brown and Vice-President E. A.  
Drake were examined. William Nelson  
Cromwell, general counsel for the com-  
pany, was present. A feature of the hear-  
ing was the questioning of Director  
Brown by Chairman Herburn of the com-  
mittee with the declaration, "I would like  
to know how the officers of this com-  
pany know about its business." He be-  
gan a rapid-fire interrogation.

"I do not carry those figures in my mind,  
sir, and it is impossible for me to answer  
such questions. At 1 I say and not  
one of the managing officers of the com-  
pany and those who are here are I sup-  
pose, prepared to give you that informa-  
tion."

Mr. Brown said that the gross amount  
of the loan by him from the Panama  
Railroad company last year was less than  
\$500,000.

Mr. Brown was allowed to give away the  
stand to Vice-President Drake, who  
was questioned by members of the sub-  
committee at length as to details of the  
bookkeeping of the company.

## WILL HAVE BUSY YEAR.

Short Line Will Continue Policy of  
Betterment.

The Oregon Short Line will have a busy  
year and active work will be commenced  
as soon as the weather permits. While  
the work of bank widening and ballasting,  
bridge renewals and laying new rails has  
almost been completed, yet there remains  
much of this sort of work to be finished  
and it will be done this year.

Then there are many places yet to be  
improved by grounds, such as the Nampa  
station which will have a lovely park,  
and the place between here and Ogden,  
all of which will be like the model Farm-  
ington station.

Plans will shortly be announced for  
several new stations and these will be of  
modern design. Tanks and coal houses

### WASHED UP BY SEA.

Mysterious Disappearance Cleared by  
Finding of a Dead Body on Sands.

LONDON, Feb. 17.—The mystery sur-  
rounding the disappearance of Maj.  
Harry Packenham, while on his honey-  
moon at Folkestone, Kent, last week,  
has been partially cleared up by the  
discovery of his body on the seashore  
near there today.

Maj. Packenham was a son of Gen.  
Ralph Packenham and his mother was  
a daughter of William Clarke of New  
York. He married February 7, in Lon-  
don, Miss Markham, sister of the late  
Lady Annerly, and was staying with  
his bride at a hotel in Folkestone.

Three days after the marriage Maj.  
Packenham went out for a stroll, tell-  
ing his wife that he would not be long.  
The next day his overcoat was found  
in the harbor and a note in a pocket  
said he was sick and saw no prospect  
of getting better.

Maj. Packenham contracted enteric  
fever during the South African war.

### ANSWERED THE SUMMONS.

Well-Known Doctor of Washington  
State Dies in Ohio.

DAYTON, Wash., Feb. 17.—The Rev.  
James H. Warren, D. D., died suddenly  
today at the home of his son-in-law.  
Dr. Warren, who was in his eighty-sixth  
year, had but recently come to Dayton  
from California, where he had spent fifty-  
four years of his life. He was a very  
able superintendent of home mis-  
sions conducted by the Congregational de-  
nomination. Probably no clergyman in  
California was more widely known  
than the deceased.

### HAD NARROW ESCAPE.

Duchess of Marlborough Has Close  
Call for Her Life.

LONDON, Feb. 17.—At a fancy ball given  
in Dublin by Lord Grenville, the  
Duchess of Marlborough narrowly es-  
caped a serious accident.

A burning cigarette, which had been  
dropped upon the floor, came in contact  
with the Duchess' fluffy skirt and in a mo-  
ment her clothing was in flames.

Viscount Cliffton tore off his coat and  
smothered the flames, so that the Duchess  
was not even scorched.

### Accused of Being Spies.

MUKDEN, Feb. 17.—Seventeen Chinese  
have been arrested here, charged with be-  
ing Japanese spies. Documents were  
found in their possession showing they  
were trained in a school established by  
Japan to qualify them as spies. They  
will be tried by court-martial.

### Indian Murderers in Custody.

TUCSON, Ariz., Feb. 17.—The Yaqui  
Indians who killed two Chicago men and  
recently attacked a mining party, near Co-  
bach, are in custody. They were taken  
by Gen. Torres, and the American Gov-  
ernment will be advised of their capture.  
There are ten prisoners, and all will be  
hanged. Two of the captives confessed.

# KIDNEY'S CALL FOR HELP

When the kidneys are sick there is  
always a warning to tell you of it, and  
when the kidneys call for help there is  
no time to lose. Kidney diseases are  
common and fatal—cause more deaths  
every year than any other human ill.  
But in nine cases out of ten this is due  
to neglect. Kidney disorders are easily  
contracted, but just as easily cured  
when treated properly and in time.

Common causes of kidney troubles are  
colds, fevers, exposure, strains on the  
back, blood-poisoning diseases, and in-  
dulgence in stimulants.

The kidneys are the blood filters, and  
when they become sick, the blood is  
soon laden with impurities, which the  
kidneys have failed to remove. This  
causes backache, stiff, lame, and sore  
muscles, aching joints, spells of dizzi-  
ness, headaches, rheumatic pains,  
sleeplessness, nervousness, and languor,  
weak heart and many other bodily  
aches and ills.

Meanwhile the kidneys are fast  
breaking down, and from this cause the  
urine becomes discolored and full of  
sandy sediment; passages are too fre-  
quent, and often painful.

Uric acid crystallizes and causes  
gravel and kidney stones. The bladder  
cannot perform its natural duties. Wat-  
ter which should pass off in the urine  
collects in different parts of the body,  
causing dropsical bloating.

## Salt Lake City Proof

Mrs. Robert C. Kirkwood, residence  
424 West 4th South, says: "An adver-  
tisement in a Salt Lake City paper  
about Doan's Kidney Pills so impressed  
me that I asked Mr. Kirkwood to call  
at the F. J. Hill Drug Co.'s store for a  
box. After an attack of the grip my  
kidneys were weakened and easily af-  
fected. The pain centered in the small  
of the back and was particularly se-  
vere, rendering stooping or the act of  
lifting anything but pleasant. Doan's  
Kidney Pills certainly did me a world  
of good. I will be only too pleased to  
recommend the medicine when oppor-  
tunities present themselves."
